9. Safeguarding Children, Young People and Vulnerable Adults

The TEC Partnership welcomes all applications and considers them on their individual merits. However, you are required to tell us about any convictions which are not spent under the Rehabilitation of Offenders Act (1974). For some careers you will need to declare all criminal convictions including those that are spent. Doing this will not necessarily stop you being offered a place on a course. Courses where a full disclosure is needed include those that could lead to a career in teaching or involve working with children or vulnerable adults, healthcare, the law/legal environment, accounting and finance, veterinary practices, RSPCA, taxi drivers, uniformed services and security. If you are unsure about what to declare then please seek advice from our Safeguarding team (you do not need to give your name) or ask a careers advisor at the National Careers Service at <https://nationalcareersservice.direct.gov.uk/aboutus/contact.us>.

For further information on what is spent or unspent please see this link: <https://www.nacro.org.uk>

1. Please tick if you are applying for a course that will require you to disclose any criminal convictions or outstanding investigations that could lead to a criminal conviction.
2. Please tick if you have ever been convicted of a criminal offence, have pending prosecutions or current court proceedings.

Please note: you do not need to tick the yes box if your criminal conviction is spent as defined by the Rehabilitation of offenders Act 1974.

If you have answered "yes" to question 2 you will need to make a full disclosure and this will result in a follow up meeting in order to obtain further details.

Please be aware that if you receive any criminal convictions whilst you are a student with The Institute Group, you must talk to a member of staff from the Learner Services Safeguarding Team. They are available via email - safeguarding@grimsby.ac.uk or telephone 07920860241. They will advise you if the convictions will affect your studies in any way.
